

Connect to Cluster0

✓ 1. Connection IP address added

Your current IP address (106.192.39.125) has been added for local connectivity. Only an IP address you add to your Access List will be able to connect you to your project's clusters. Add more later in [Network Access](#).

✓ 2. Database user created

A database user was automatically created for this project. This user has Atlas Admin role access. You can add more users later in [Database Access](#).

✓ 3. Copy and save database user credentials
